Featuring guest artist David Heyes, Wells Cathedral School, England

The Community Music School is proud to present the Ozark Bass Camp. This four-day camp features the unique opportunity for bassists of all ages to play recently published music: English double bassist David Heyes will be on hand to walk us through some of the more than 500 titles his company Recital Music has published for double bass. Bassists will experience playing in a massed bass choir and will learn the nuanced techniques required to play in such an ensemble. For those planning to audition for all region orchestra, we will have sessions to study that music as well. The daily schedule for the week will consist of large ensemble rehearsals, sectionals and preparation of solo and/or All Region music. The camp will culminate in a student pre-lunchtime public concert Saturday and close with a public recital by Mr. Heyes 2:30pm Saturday.

New! Music Track for Young Pianists (ages 5 to 8, grades 1 to 4)

We are proud to offer special track for young pianists in conjunction with this summer's Double Bass Camp at the University of Arkansas. Students will have the opportunity to practice piano skills each day in a group setting with other young pianists, working with teacher Lourdes Montgomery in a special room set up with 9 electronic practice pianos. In addition to studying basic technique and piano pieces, students will rehearse and perform piano accompaniments in collaboration with young bass students, featuring a collection of new piano and bass duets composed and published especially for this occasion. The more adventuresome pianists will even have a chance to try out and learn to play some songs on a bass during the week.
